

Alcohol Dispensing Bottle - 250 ml

Product Part Number

N722.ADB250

Product Description

This 250 ml Alcohol Dispensing Bottle is designed for precise and controlled dispensing of volatile liquids such as water, alcohol, and acetone. Its lightweight, flexible design and excellent sealing make it ideal for use in laboratories, research rooms, medical supplies, and more.

Product Features

- Manual Operation : Sucks out liquid efficiently, reducing volatilization and saving liquid.
- Lightweight and Portable : Easy to move and handle
- Durable Construction : Made from acid and corrosion-resistant plastic for long-lasting use.
- Good Sealing Effect : Prevents leakage and maintains the integrity of the stored liquid.
- Versatile Application : Suitable for laboratory use, research, medical supplies, and detergents.
- Simple to Use : Press the bottle body gently to dispense the liquid.

Material Specifications

Capacity	250 ml
Material	Plastic (Acid & Corrosion Resistant)
Operation	Manual, pressing type
Application	Laboratory, research room, medical supplies, detergents
Sealing	Excellent, prevents liquid leakage

Environmental Specifications

Operating Temperature Range	0°C to 40°C
Storage Temperature Range	-10°C to 50°C
