

# StarTrail Fiber Raceway, 120mm Moveable Exit Kit (PVC)

## Product Part Number

N411.120MEKP

## Product Description

The StarTrail Fiber Raceway 120mm Moveable Exit Kit enables efficient cable redirection from straight sections into a 120mm exit. Compatible with 120mm x 100mm, 240mm x 100mm, and 360mm x 100mm straight sections, this kit ensures organized and flexible cable management. Made from flame-retardant PVC material (UL94-V0), it offers durability and safety. Installation requires two T-Shape Screws and two Twist Head Nuts for a secure fit.

## Product Features

- Versatile Compatibility : Fits 120mm x 100mm, 240mm x 100mm, and 360mm x 100mm straight sections.
- Flexible Cable Management : Provides a movable 120mm side exit for efficient cable redirection.
- Flame Retardant : Constructed from UL94-V0 PVC for enhanced fire safety.
- Durable and Reliable : Designed for long-lasting performance in demanding environments.
- Easy Installation : Requires two T-Shape Screws and two Twist Head Nuts for quick assembly.
