

StarTrail Fiber Raceway, Plastic Twist Nut, M6 (Plastic + Metal)

Product Part Number

N411.PTNM6

Product Description

The StarTrail Fiber Raceway Plastic Twist Nut (M6) is engineered to provide a reliable and secure fastening solution for fiber raceway systems. Constructed from durable plastic and metal, it offers strength and stability while minimizing the risk of cable damage. Its twist-lock design allows for quick and easy installation, making it an ideal choice for data centers and telecommunications setups.

Product Features

- **Durable Material** : Constructed from a combination of plastic and metal for enhanced strength and longevity.
- **Twist-Lock Design** : Allows for fast and secure installation without the need for additional tools.
- **Corrosion Resistant** : Withstands harsh conditions for long-lasting performance.
- **Perfect Compatibility** : M6 size ensures a precise fit for various fiber raceway components.
- **Efficient Installation** : Quick, tool-free fastening for streamlined assembly.
